SPEEDING IN THE COMMUNITY

Speeding is not just a nuisance but a danger to our community's homeowners and their guests. It is a difficult issue to address and enforce effectively but we need "ALL" of your help to do it. We need to address this immediately to protect our community.

Clearly, speeding is a serious problem!!!! The dangers of speeding and keeping our community and guests safe can only be stopped by "YOU". We have posted and added several signs and continue to include memo's in our Courier. We have sent letters to homeowners even though it has not helped. This continues to be a major problem!!! We are asking you to slow down on behalf of everyone in the community.

The speed limit in the community is 20 MPH

For everyone and all vehicles.

Please follow the speed limit in Crane Lakes for the safety of everyone.

Walking Safety Rules

BY Wendy Bumgardner, About.com Guide

- **Walk Facing Traffic:** If there is no sidewalk and you must walk on the side of the road, choose the side where you are facing oncoming traffic. This gives you the best chance to see traffic approaching closest to you and take evasive action when needed.
- **Cross Safely:** Look both ways before crossing any street. Make eye contact with any drivers who may be turning. Give them a wave. Make sure they see you. **Walk Single File:** Unless you are on a sidewalk separated from the road or a wide bike lane, you should walk in single file. This is especially important on a road with lots of curves, where traffic has only a split second chance of seeing you before hitting you. While it can be enjoyable to walk down the road two to three abreast chatting merrily, drivers don't expect it and you may lose your best walking buddies.
- **Stay Aware of Bikes and Runners:** Share the road and path with bikes and runners. Bike riders should alert you when approaching from behind with a bike bell or a "passing on the left/right." Listen for them, and move to walk single file, allowing them to pass safely. Runners should also call out for passing. Bike-walker collisions can result in broken bones or head injury for either — and you aren't wearing a helmet.
- **Be Visible:** Wear bright colors when walking in daytime. When walking at night, wear light-colored clothing and **reflective clothing or a reflective vest** to be visible. Drivers are often not expecting walkers to be out after dark, and you need to give them every chance to see you, even at street crossings that have crossing signals. Be just as cautious at dawn or twilight, as drivers still have limited visibility or may even have the setting or rising sun directly in their eyes.
- **Be Predictable:** Make a practice of staying on one side of the path while walking rather than weaving randomly from side to side. Watch your arm motions, or you may end up giving a black eye to a silently passing walker, runner or biker.
- **Keep the Volume Down:** Don't drown out your environment with your iPod. Keep the volume at a level where you can still hear bike bells and warnings from other walkers and runners. Your audiologist will also thank you.
- **Hang Up and Walk:** Chatting on a cell phone while you walk is as dangerous as chatting while driving. You are distracted and not as aware of your environment. You are less likely to recognize traffic danger, passing joggers and bikers or tripping hazards. Potential criminals see you as a distracted easy target.
- **Walk Dogs on Short Leashes:** There are many tragedies of dogs running out into traffic or getting into a fatal dog fight either off leash or on a very long leash. Don't trip up other walkers or bikers with poor control of your pet. Keep your pet and yourself safe by learning proper leash walking.
- **Know When to Stop Walking:** **Heat sickness, dehydration, heart attack or stroke** can strike walkers of any age. Learn the symptoms of medical emergencies and carry a cell phone to dial 911.
- **Be Aware of Stranger Danger:** Choose your walking route for paths frequented by other walkers, joggers and bikers. If you see someone suspicious, be prepared to alter your course or go in to a store or public building to avoid them. Acting alert and aware can convince bad guys to choose an easier target.

News from the Golf Course

Golf Quote of the Month

"Golf is deceptively simple and endlessly complicated; it satisfies the soul and frustrates the intellect. It is at the same time rewarding and maddening- and is without a doubt the greatest game mankind has ever invented." -Arnold Palmer

Tips from the Tee: Get the correct attack angle on your DRIVER

The driver which is a very unique club. It is the only club that we tee the ball high with and therefore requires a different angle of attack than that of all the other clubs that are typically hit with the ball lying on the ground. The driver needs to strike the ball with an ascending angle of attack not descending like an iron shot. The average attack angle on the LPGA Tour is roughly 4.1 degrees UP. This allows the ball to be LAUNCHED into the air with the correct amount of backspin. Then add some speed and watch it FLY!

The Crane Lakes Resale Office
Thanks again for your support!

Over the past 17+ years our sales office has been honored to sell approximately 1,200 homes here in Crane Lakes! Better than 9 out of every 10 homes listed by a sales agent over that time span were sold by our staff! We offer a fantastic knowledgeable staff dedicated to listing, showing and selling only homes in this community. We source qualified buyers, process their background checks and do on-site closings.

Our office is focused on remaining your best option for selling or for clients to purchase their next home through our office. We are currently maintaining a list of potential buyers to contact when we have a home to sell. Therefore, in order to best serve our current owners and these potential residents we need more homes to sell.

We want you to continue to be able to count on this office to give you the best service available anywhere and assist you in listing to sell with us. **To thank you for your loyalty, we are offering all current homeowners a one-time \$1,500 bonus, at closing, for listing your home to sell through this office now through 12/31/21! This bonus will be given to the sellers as a cash credit on their closing statements.**

All Crane Lakes residents should know that your community sales office is 100% behind you when it comes time to sell! Our on-site sales office and knowledgeable staff with 1,200 sales and now a \$1,500 credit at closing! We think this proves that we will always be here for you when you need us!

Tickets will continue to sell through December 1st and they are selling quickly! The dance theme is “sparkling” so find your “sparkiest” outfit and wear it. We will dance to the music of Tony T & Debbie Owens, who play dance music from the 50’s through the 80’s. Hope to see you there! Lots of surprises in store for this event.....

🎵 December 11th, will be the Golf Cart Parade, hosted this year by Rick & Bobbi Eskey and their Golf Cart parade Team! Line up will begin at the Roost parking lot at 4PM, with a start time of 4:30PM. This is always such a great event, especially for those in our community who aren’t able to get out so often. Any questions? Call the Eskey’s...

🗣️ *With the diminishing Covid numbers, we have opted to start inviting outside guest speakers to our CLHOA monthly meetings. Our first speaker will be at the January 13th, meeting. We are pleased to welcome Wayne Clark, Port Orange City Planner, who will be telling us about the up and coming plans for Port Orange. There will be time allotted for questions from the floor. The **2021 THIRD** annual Halloween Golf Cart Parade was a HUGE success. There were 26 decorated carts and many more residents were outside their homes cheering us on this year. They had wonderful treats for all of us to enjoy such as chocolates, jello shots, candy and mini bottles of fireball. The daylight time change for the parade turned out better for residents. They could see a clearer view of the parade and decorated carts. We were also able to navigated the blocks more efficiently. Everyone enjoyed the after party on the patio even though the Roost was closed. We missed some of the regular attendees of the parade and hope to have them re-join us next year.

Until next year---HAPPY HALLOWEEN

Book recommendation for this month:

Anxious People

by

Fredrik Backman

A HUGE thank you to everyone who participated in this year's Crane Lakes Craft Fair. We had 42 vendors who braved horrendous weather to set up their wonderful wares. Thankfully, the sun came out on Saturday and so did the shoppers!

It would not have been a success without my volunteers: Michael & Michèle DeWeil, Rick & Bobbi Eskey, Kathy Harn, Jan Kirkpatrick, David & Sharon Little, Dusty Maddox, Jeanne Nervi, Eleanor Perocier, Joe & Judy Peterson, Janet Ricciardiello and Kacey Vogel. I couldn't have done it without you!

We have 28 vendors already signed up for next year and I'm looking forward to another successful show!

Thank You

I would like to take this opportunity to thank all the volunteers, participants playing golf, those who purchased signs, made donation, and the community for making this our NINTH annual "THE VET" golf tournament such a huge success. It is people like you that show support to our military and their families for what they are now and what they have sacrificed so that we can enjoy our freedom today and in the future. They expect nothing in return except our support.

ONCE AGAIN, "THANK YOU" FOR YOUR GENEROSITY AND HELP, AND A SPECIAL THANK YOU TO MY COMMITTEE AND VOLUNTEERS THAT WORKED SO HARD TO MAKE THIS EVENT A SUCCESS.
